

Preparing for Coronavirus COVID-19

The Coronavirus COVID-19 has made its way into Minnesota and all of us at Pine River State Bank are working on a proactive approach to this world-wide pandemic.

Your physical and financial health is our priority. During this time, we want to make sure you have the tools to do your banking from anywhere. Here are a few things that we would be happy to help you take advantage of –

1. Online Banking or Mobile Banking
2. Consumer Mobile Deposit – deposit checks from your phone!
3. Enroll in P2P (Consumer) payments and safely send money to friends or family, right from your Pine River State Bank Online Banking account or mobile app.
4. Take advantage of ACH and direct deposits to ensure quick access to your funds.
5. Make sure you have updated your contact information with us to ensure Pine River State Bank can contact you.

Please give us a call if you want to take advantage of any of these products or services.

Along with our focus of giving our customers the tools to bank from anywhere, we are also working hard to keep our five locations as clean as possible for the safety of our customers and employees. We have increased our cleaning schedules and are focusing on frequent decontamination of areas of the bank with customer traffic.

We are continuing to monitor the spread of COVID-19 and urge you to visit the Centers for Disease Control website: <https://www.cdc.gov/coronavirus/> to stay up to date.
